Seventy-Ninth Year, No. 32

Upland, California, Thursday November 1, 1973

32 Pages 10 Cents

"MADONNA OF THE TRAIL" -- Local historical landmark in Upland, set in a colorful atmosphere of bright yellow flowers, a clear, blue sky and the green of nature, reflects the area's link with California history. The Madonna stands upon a road trod by the Padres in the Spanish Days, and finally used to connect San Bernardino and Los Angeles. In 1826, Jedediah Smith, seeking a river flowing westward, led a band of 16 trappers over this trail. They were the first Americans to enter California overland.

## Valley's 'Madonna Of The Trail' — Link With History

She wears a sunbonnet and hardy clothes, around her skirts a little boy clings securely, a baby rocks in her arms. She forges a path to the future and she stands on one of the most continuously traveled highways in California history. There are ten others just like her in states stretching from Maryland to California.

She is the eleventh, and is called "Madonna Of The Trail," her home is on Euclid Avenue and Foothill Boulevard. She has been there since 1929. She is a statue.

At the time of her dedication, she joined a city of 5,000 people and was happily brought here by the National Society of the Daughters of the American Revolution, San Antonio Chapter of Ontario and Upland, The Los Serranos chapter of Ontario and Upland, National Old Trails Roads Association, Upland civic groups and the Upland Chamber of Commerce.

Two famous people were involved with her dedication. Mrs. Theodore Jesse Hoover, sister-in-law of Herbert Hoover and Harry Truman, then a judge and president of the National Old Trails Association, he dedicated the figure.

Ironically enough on her dedication day, Feb. 1, 1929, sunny California was raining. In the other states, the days had been bright and sunny, but she faced a weepy sky.

Although a keen disappointment ran through the assembled group, their enthusiasm would not be dampened.

While hundreds of automobiles lined the streets a pageant telling of the progress of the early years was depicted in a parade. It spanned the history of transportation from Indians on ponies to the aeroplane and car. Many communities participated and brought floats and displays of historical significance.

The "Madonna Of The Trail," statue was unveiled by Mrs. Carolyn Emily Cook, 81 years of age, who had made a trip by ox-cart from Brighton, Iowa to California when she was three years old. As Mrs. Cook pulled the covering away, 100 carrier pigeons were released.

The statue is made of algonite stone, weighing five tons and is ten feet tall. She was cast-made from a cast of Leimbadis sculpture in St. Louis at the cost of \$15,000 which was shared by DAR and National Trails Highway Association. The city of Upland raised \$1,500 to bring her here.

The site she stands on is at a double drive parkway lined with

trees. In the base, is a memory box that was sealed on Lincoln's Birthday, 1929. It contains newspapers, books, coins, and other valuable printed matter and is to be opened on Feb. 1, 1979 on the fiftieth anniversary of the unveiling.

The "Madonna Of The Trail," joins hands with ten other pioneer women who overlook the cities in which they have been placed, each tells her story in her own way. They are located in Bethesda, Maryland; Washington County, Pa.; Wheeling, West Virginia; Springfield, Ohio; Richmond, Ind.; Vandalia, Ill.; Lex-

ington, Mo.; Council Grove, Kans.; Lamar, Colo.; Albuquerque, N. Mex.; and Springfield, Ariz.

She was the eleventh and last, and her heritage in the base tells of a trail trod by the Padres in Spanish Days, then passing into the hands of Mexico and finally becoming a California link between San Bernardino and Los Angeles Post Road.

In 1826, Jedediah Smith seeking a river flowing westward, led a band of 16 trappers over this trail, they were the first Americans to enter California overland.

## Homeowners: 'Have No Voice In Eco Decision'

The word "environment" has been kicked around quite a bit in the past year and members of the Upland Homeowner's Association feel that residents in the area have also been under the heel of local guidelines set up for the protection of the environment.

In an article published in the "Homowner," a monthly publication of the Upland Homeowner's Association, president Norman Day said, "The residents of Upland have no voice in controlling our environment."

He cited recent decisions of the Upland Planning Commission to "over rule" recommendations of the Environmental Assessment Committee and not require that an Environmental Impact Report be submitted before granting Conditional Use Permits for construction in the city.

The article stated, "The City of Upland has an Environmental Assessment Committee composed of Lee Travers, director of administrative services; Rod Anderson, director of planning; and Fred Blanchard, city engineer. Their function is to review all new projects in Upland and decide if these will have an adverse effect on our environment. This year they have reviewed 19 new projects. Their findings are: eight single family residential projects, one warehouse, one restaurant, one apartment building and one condominium will not affect our environment." However four condominiums, one manufacturing plant, one restaurant and one highrise apartment complex were determined by the Committee to have a possible adverse effect on the environ-

ment and it was determined that a full Environmental Impact Report be submitted before approval for construction be given.

The Homeowners reported that the Planning Commission "overruled" the Assessment Committee's report six out of seven times and have thus far only required that one Impact Report be filed.

"The truly frustrating part is that our environment is being controlled by appointed, not elected, officials and environmental assessment reports are not even public hearings," the article said.

Upland's guidelines for filing Environmental findings are conducted in two stages. First, when a contractor wishes to gain permission to work on a non-ministerial project (any project that requires city approval) he must pay a \$35.00 fee and fill out an Environmental Assessment questionnaire. This six-page form asks pertinent questions about the nature of the building and if any natural habitats of plants and animals would be so disturbed so as to cause the death or extinction of same and if the species are already endangered. The Form goes into possible resulting noise and air pollution caused by the completed project.

After being filled out, the form is submitted to the Environmental Assessment Committee for study. If it is determined that the project will not have a detrimental effect on the environment, the Committee so states that in a report to the Planning Commission.

## Mayor Attacks TV Media

By E. SCOTT WOOD  
Of The News Staff

Members and guests of the Upland Chamber of Commerce's recent breakfast meeting were given more to think about than the choice of Canadian bacon or sausage with their scrambled eggs.

What was billed as a rather typical breakfast meeting with Upland Police Captain Pete Smith as the guest speaker was augmented by an appearance by Upland's Mayor Abner Haldeman and Daily Report City Editor Bernie Nellis.

In a six and one half minute address, Mayor Haldeman lashed out at television press coverage of the recent meeting of the League of California Cities which he attended in San Francisco. Stating that the TV cameras gave a "slanted" approach to the meetings' business by dwelling on a speech by San Diego Mayor Pete Wilson which covered the topic of possible Presidential impeachment proceedings, Haldeman stated flatly that no action had been taken for or against the impeachment issue.

Haldeman also found fault with the television media and the Los Angeles Times in their coverage of the League's stand on the controversial Prop. 13 tax initiative.

While noting that ample coverage was given to economist speaker John Kenneth Galbraith who opposes the proposition, little was mentioned about the governor's speech the day before.

Haldeman said that Gov. Reagan gave "a fully documented speech" and that the proposition had the unsolicited aid of 44 leading economists from all over the country. "Whether you like it or not, I'm voting for Prop. 13," Haldeman said. The remark was not followed by applause.

Following the Mayor's 7:30 a.m. address, Daily Report City Editor, Bernie Nellis, spoke briefly on the recent Environmental Protection Agency's ruling for the reduction of smog in Los Angeles and particularly the West End area.

Reading from an article published in the Los Angeles Times, Nellis centered his remarks on the proposed parking surcharge and suggestions that preferential parking treatment be given to car-pool participants; and the proposed gas rationing for the year 1977 that would limit daily travel by car to 13 miles. Nellis pointed out that the rulings hit the individual citizen the hardest and that the recommendations were obviously geared to encourage the use of public transportation. Nellis further stated that the cost of public transportation

was born by the taxpayer. Nellis said, "It's going the wrong way, the government should go after the car manufacturers in Detroit and press for low emission vehicles, instead of hitting the public."

The main speaker, Upland Police Captain Pete Smith, addressed the capacity audience on Burglary, Shoplifting and Vandalism. "I'd like to come before you and go back to the 50's and early 60's and say that we have little burglary, shoplifting and vandalism problems," Smith said, "but I can't. Upland has the same problems as any city its size plus the addition of the Los Angeles overflow only 30 minutes away by freeway."

However, Smith noted that through public awareness and increasing willingness of the public to get involved burglaries are going down.

Day-light burglaries are the most common type due to the fact that in many homes both adults work and are away from the premises. In 1972, 366 homes were broken into with a large percentage being day-light victims. More than \$396,000 was lost in stolen property with only \$147,000 recovered.

Smith noted that homeowners who have used the "Theft Guard" marking stencil to record their names and identification numbers on their valuables experienced far fewer burglaries.

"A fence won't touch stolen property that has somebody's name on it," Smith said. Smith also noted that use of the "Theft Guard" stencil is available free from the Police Station.

With the approach of the Christmas Season, store owners were warned of the increase of shoplifters and given basic

precautionary measures. Smith noted that the professional shoplifter is rare in the area and that the majority of the cases reported involved juveniles.

Smith encouraged store owners to notify police when apprehending a shoplifter noting that in many cases the person caught has been stealing from many stores in the area or could be stealing to finance a narcotics habit.

Smith credited recent public education programs such as the "Burglary and You" slide presentation being given by local service clubs and also public involvement with keeping the number of burglaries down. He emphasized that the police are more than willing to come and investigate any suspicious circumstances if only the public would call and report any suspicious or unusual occurrences in the neighborhood.

Smith noted that the dispatcher asks for the name of the caller for general information about the incident but names need not be given and if they are given are confidential and never revealed to suspects.

Smith also noted that vandalism is on the increase in the Upland area evidenced in parks with stolen or defaced fixtures in the rest rooms and uprooted trees. Vandalism also is increasing in the grove areas and unoccupied homes. Smith indicated that much of the vandalism problem could be reduced if people in the area cared enough to call the police when they see something wrong. "The Police in a community are only as good as the citizens themselves," Smith said. "If the citizens would only call us, we could be that much more effective," he said.

## March of Dimes Bike-A-Thon Slated Here For Nov. 10

Citizens of the West End will be covering a lot of ground when the Third Annual March of Dimes Bike-A-Thon gets under way Nov. 10. The event is scheduled to begin at 7 a.m. at the Ontario Motor Speedway.

Bike riders will ride in the outer oval of the Speedway with hikers walking in the inner oval. The goal of participants is to benefit the health of some 250,000 children who are born each year with birth defects.

The Upland Junior Women's Club is cosponsoring the event with the following groups assisting: Upland Police Department and Police Explorers, Se-

curity; Chaffey College School of Nursing, Health Safety, Future Business Leaders of America and Mrs. Darla Pittman, Registration.

Citizens may participate in the event by obtaining sponsors at a minimum pledge of 10 cents and up for each mile completed. Registration and sponsor forms are available at the Westend Police Departments and Public Libraries.

Money raised in the event helps support March of Dimes Research and Medical Service Programs. For more information call 886-5205, or 984-9571.

LOCAL CRIME CONTROL -- Upland Police Cap. Pete Smith addresses Upland Chamber members on the subject of Burglary, Vandalism and Shoplifting and possible preventive measures to be taken by merchants in the area as the Christmas Season approaches. The address was given at the Chambers Breakfast meeting on Thurs. Oct. 25.

# THE NEWS--BRIEFLY

# Prop. 1: The What And The Whatever

## Soup Label Drive Announced

Central School has announced a soup label drive, Oct. 15 to Dec. 8. For every 1,800 labels sent to the Campbell Soup Co. for recycling, the school can obtain a cassette recorded for use in the classroom. Central PTA is sponsoring a contest and will award a prize to the classrooms collecting the most labels. If you'd like to help out, call Mrs. Henry at 987-3953.

## Fashion Show Slated

A fashion show and luncheon sponsored by the Chaffey Community Republican Women, Federated will be held Saturday, Nov. 3 at the Casa Colina, 255 E. Bonita Ave., Pomona. Fashions will be provided by the Casa Colina Gift Shop. Wine punch will be served at noon followed by luncheon at 12:30. Door prizes will be given out. For reservations call Mrs. Robert Walker 984-6852 or Mrs. Dell McDaniel, 985-7583.

## Carnival Roundup, Nov. 3

Valle Vista School plans a Carnival Roundup Saturday, Nov. 3 from noon to 4 p.m. Besides items offered at the Patio Shop, Sweet Shop and Country Store, there will also be games and prizes.

## Classes Visit Courts

Fourth and Fifth graders from Alta Loma Elementary School recently visited the San Bernardino County Justice Court in Cucamonga. Constable Robert Plamondon presented a program on law enforcement.

The classes are studying San Bernardino County, largest county land area in the United States. Next week the classes will visit the Ott residence in the foothills to study the natural habitat surrounding the home.

## PTA To Meet Nov. 1 PTA To Meet Tonight

The November meeting of the Carnelian School PTA is scheduled for Nov. 1 at the Alta Loma High School Auditorium at 7:30 p.m. The program will be in the form of a talent show. All grade levels have been urged to participate. An artistic award will also be presented to one child in each class who has demonstrated exceptional artistic ability. The public is invited to attend. There will be a nominal admission charge.

## S.C.I. - Still Drawing 'Em In

A new figure on the "corporate" scene in Upland while admittedly seasonal, still draws a great public response. Santa Claus Inc. is receiving repairable toys donated through the Upland Elementary Schools. Toys received will be repaired and painted by volunteers for free distribution to needy families for Christmas.

Toy collection boxes will be placed Tuesday in Baldy View, Cabrillo, Sycamore and Valencia Schools and during the week of Oct. 29, Citrus, Foothill Knolls, Magnolia, Sierra Vista and Upland Elementary students are also being asked to contribute repairable toys.

Approximately 3,800 children in the Chaffey District receive Christmas toys and new clothing through Santa Claus Inc. each year.

Upland's Mayor, Abner Haldeman, may have spoken for many West End voters Thursday when at a Chamber of Commerce Breakfast he stated "Whether you like it or not, I'm voting for proposition 1."

There was no applause from the capacity audience, but the sentiment, "whether you like it or not, I'm voting for/against" seems to ring true for many voters in the past few weeks.

Prop. 1's fate on election day, Nov. 6, is anyone's guess as endorsements and detractors appear evenly split both locally and State wide. Locally, Mayor Abner Haldeman has endorsed the initiative saying that at present 45 percent of California residents earned income goes to taxes and that economists have predicted that when taxes claim 33 percent of earned income the nation is on its way to Socialism. Haldeman also stated that 44 leading economists from all over the country have given unsolicited aid in formulating the tax proposal. The Upland City Council has not made a statement concerning the initiative.

Mayor Haldeman is joined in his support of the initiative by the Cucamonga and Upland Chamber of Commerce. In a statement released by the Upland Board of Directors, it was noted that "The net effect of Proposition 1 is not to curtail needed government service but to force state officials to evaluate all spending programs and effect economy to the benefit of the tax payer."

Along with the California State Chamber of Commerce and State Board of Education, the Central School District of Cucamonga has endorsed the initiative stating that "Proposition 1 protects school financing," and that the "provisions of SB 90 are also written into this initiative."

In addition, a majority of members of a San Bernardino County Mayors Ad Hoc Committee appointed to study the initiative has come out in favor of its passing.

"Some responsible method of curbing the automatic, spiralling tax growth, while moderately increasing the level of spending for needed state services, must be found," the majority report said.

The report continued, "Proposition 1 will provide a safe, reasonable and workable method for doing just that, as well as ensuring that current and all fu-

ture surpluses are returned to the people."

The report continued, Prop. 1 will provide a safe reasonable and

workable method for doing just that, as well as ensuring that current all future surpluses are returned to the people."

In a fact sheet, the majority listed 11 things that proposition 1 would do. They are:

1 -- Guarantee at least a 20 percent refund on 1973 state

income taxes.

2--Reduce 1974 and subsequent year state income taxes by 7-1/2 percent.

3--Prevent any future state budget from rising faster than the economy of the state.

4--Provide sufficient funds to

Continued on page 5

## Church Bazaar Planned For Cucamonga

The Cucamonga United Methodist Church has announced a bazaar at Klusman Hall, 7690 Archibald Ave. Cucamonga Saturday, Nov. 10 from 9:00 a.m. to 5:00 p.m.

Featured at the Bazaar will be a snack shack for lunch and a garden shop that will offer live plants. Early Christmas shopping can be done in the Boutique, and children will be able to shop in a store designed especially for them.

Bakery goods will be offered for Thanksgiving or just good eating.

Money raised from the bazaar will go to the church.

## Homemakers Program Announced

Ideas for holiday gift giving will be offered at the Pomona Public Library in a special homemakers program Wednesday, Nov. 7. Titled "Gifts of Sugar and Spice," the program will be presented by home economist Tani Welsh in the library's public conference room and will start at 10 a.m.

Mrs. Welsh, home economist for the Southern California Edison Company, has planned a program which blends homemade holiday treats and other recipe ideas for preparation as gifts during the holidays.

"Whether you make bread, candy, or cookies, there is always a certain pride in serving or presenting as gifts these personally created items," said Mrs. Welsh. Recipes for glazed fresh-apple cookies, lemon walnut bread, almond caramels, cheese cake bread, and other taste treats will be covered during the program.

For more information call 620-2038.

TEAM EFFORT -- Volunteers devote time and skill in preparing articles for sale at the United Methodist's Bazaar Nov. 10. Seated from left, Mrs. William Ward, Mrs. Eugene Billings and Mrs. Russell Tibbels.

## Yoga Series Offered At Library

A weekly series of Yoga-type exercises will be offered at the Pomona Public Library on Thursday evenings beginning Nov. 1. One hour sessions will start at 7:30 p.m. in the library's story hour room and are open to all area residents of the West End, Pomona, and San Gabriel Valleys. There is no admission charge.

Prabhu Nam Kaur of Sat Ashram, Pomona will demonstrate Kundalini

Yoga, which she describes as a "science of awareness" that helps vitality and relaxation. According to Mrs. Kaur, the exercises are good for

weight reducing and are sometimes helpful to people who want to stop smoking.

Offering tips on what to wear, she advises

loose - fitting, comfortable clothes and suggests bringing a blanket or beach towel big enough to lie down on.

## New Minister Announced

On Sunday, Nov. 4, the First Baptist Church of Cucamonga will welcome its new pastor, William H. Bell.

## The Deep-Fried Alternative

By E. SCOTT WOOD

There is now a viable alternative to deep-fried heart-burn, short-order indigestion and fast-food stomach cramps normally endured by business people who have to eat lunch "out." The Souper, a family restaurant, is open serving homemade items and good, friendly "vibes."

The restaurant, located on the corner of D St. and 1st Ave., is a "family affair" of the first order starting from a joke, and turning into something to think about when the Mielke family was talking about suggestions for a family occupation that would bring them closer together.

The head of the family, Harold Mielke, from Weisbaden, Germany is famous for teaching Mrs. Linda Mielke the art of making homemade soup. "How

about it?" stuck as the solution to the family endeavor. One idea spawned another and the concept of a restaurant situated in an old house with a real "home" atmosphere developed. Work on the house began Sept. 1972.

In 10 months, 40 gallons of paint had been applied to the exterior, 20 gallons to the interior, 90 yards of floor covering was laid and more than 40 rolls of wall paper were used to re-decorate.

The labor was cheap and no strikes were called as help came from the Mielke's six children: Cinnie, 14; Misty, 12; Mark, 10; Nicki, 8; Heidi, 6; Paul, 4; and friend of the family, Dave Clark, 19. Mrs. Alice La Fever, mother-in-law, painter, wall paper hanger and chief cook and bottle washer also helped out.

"If you just sit back and you're

content with life as it is, that's fine," said Linda Mielke, "but we wanted something better for the kids. We're going to give it a try and see what the heck happens."

The home, the Mielke's occupy the top floor as their living quarters, has been thoroughly done over with the addition of chairs, tables, silverware, plates and dishes of all procured from Swap meets, rummage sales and yard sales. "Everything is mismatched," said Mrs. Mielke, "we even have Navy plates and Airline silverware."

The food, though, is the most important item, and that promises to be good. The specialties will be homemade soups, bread and butter. Dip Sandwiches will be served, along with green salads, and home made pies and pastries.

The menus are placed in old books, French Novels, Monographs on Foreign Policy, Economic Theory and Gothic Thrillers. Glass bookcases enclose antiques, and guests eating in the living room and side porch can look through real blown glass windows and see a slightly rippled City Hall.

"We have something different to offer besides good food," Mrs. Mielke said, "we have a real family restaurant where anyone, especially retired people on fixed incomes can come and get a good lunch and dinner that won't break them."

The first two weeks of operation will see the Souper open from 11 a.m. to 2 p.m. serving lunch only. After that, starting Nov. 5 the Souper will be open from 11 a.m. to 10 p.m. serving dinner as well as lunch.

The Souper has been a long time coming, and according to nearby city employees it's, well, super!

## Western Union Here 'Swamped' With Messages

In the light of recent domestic and international events, Western Union has been swamped with telegraph requests.

Joe Sibree, communications representative for Western Union, has announced that a special "public opinion" message consisting of 15 words can be sent for \$2. "Many people are sending regular telegrams consisting of 15 words, but are being charged the regular rate of \$3.75," said Sibree.

Persons wishing to contact any politician to give his opinion

should ask for the "public opinion" rate when making their message. Also a toll free number to Western Union can be used to further reduce the cost: 1-800-648-4100.

"There's a third service for long winded people like me," Sibree said "for the same \$2 that would buy a 15 word 'Public opinion' message delivered the same day, you could buy a 'mailgram' of 100 words that would be delivered the next morning."

BREAK TIME -- Four members of the 10 member Mielke Work Crew are shown at a rare moment resting from final opening preparations. From left, Mrs. Linda Mielke, Cinnie, 14, Alice La Fever and Misty, 12.

HAAAREEEEEEE!!! -- Petr Kowalski who plays the down-and-out Harry Balin in the comedy, Luv, scheduled to be staged at the Chaffey little theatre Nov. 9-10 and 16 and 17 maintains his hold on the elusive Ellen Manville and Husband Milt portrayed by Denise Damico and Raymond Slatinsky.

## 'Luv' To Be Staged At Chaffey

To provide some relief from doomsday headlines, "Luv" will be played for lafs (laughs) at Chaffey College, Nov. 9-10 and 16-17.

Curtain for the four performances of Murray Schisgal's hit with the misspelled appellation will be at 8 p.m. in the little theater with drama director C.A.

Sheppard calling the signals.

The production is the next event of the season for Chaffey College Fine Arts Series.

The comedy refreshingly lampoons a gamut of conditioned-reflex concepts of love as reflected in a mix of soap opera cliches and Freudian jargon.

Schisgal's toppling of the icons of love is as ironic as it is gleeful. He spoofs love, whether it leads to a psychiatrist's couch or a park-bench contretemps, as a force that turns the world inside out rather than making it go around.

## Career Planning Seminar Slated Here

A career planning seminar sponsored by the Upland High School PTA will be held in the high school cafeteria Nov. 13 from 3:00 to 4:00 p.m. A question and answer period will follow.

Guest speaker will be Bob Glauri who is the San Bernardino County School Vocational Guidance Director.

Also on the panel will be members of the staff of Upland High School, Mrs. Liz Stark who is the Work Experience Coordinator, George Stewart and Mrs. Ruby Wignall, Counselors and Louis Ortiz, Student Center Coordinator. Don Culp, assistant principal, will be the moderator.

The seminar will center around Career Planning and Vocational Guidance. Information will be given regarding services offered at Upland High School to assist the students in their decision making. Students, teachers and parents are urged to attend. The seminar will also be open to the public.

## Homecoming Game Set For Nov. 2

Upland High School will hold its annual homecoming game Friday night, Nov. 2 at 8:00 p.m. The visiting team will be Garey High School's "Vikings."

Featured during the half-time program will be the announcing and crowning of the Homecoming Queen. The five girls vying for this title are: Bobette Bentley, Rita De Los Santos, Janet Jensen, Joan Leo and Robyn Martin. The girls were chosen as a result of elections held Oct. 25 and 26. Out of 23 girls, five were chosen to be on the Homecoming court. Final elections for the reigning queen will be held Nov. 1 and 2.

The Homecoming dance for the Highlanders will be Saturday Nov. 3 at 8:30 p.m. This year the theme for the dance is "A Tapestry of Dreams." The semi-formal dance will be held at "Volks-garten" in Glendora. The featured band will be "Zedekiah."

## Coping

## Living With Higher Food Prices

Consumers may spend 25 percent of their take home pay for food at home by the end of 1973, says University of California home advisor Sharon Higgins. Many shoppers have asked for help in setting up food budgets. It helps to know how much to expect food costs to run, adds Mrs. Higgins.

Average costs of food at home available from the U.S. Department of Agriculture are at three cost levels. According to the Los Angeles County home advisor the three plans are: low-cost plan, moderate-cost plan, and liberal plan. The following food costs were prices in April, 1973. Ten percent has been added to update prices.

COST OF FOOD FOR ONE WEEK:	Low Cost Plan	Moderate Cost Plan	Liberal Plan
Family of 2; 20 to 35 years	24.09	30.80	37.84
55 to 75 years	19.69	25.85	31.13
Family of 4:			
Preschool children	34.87	44.66	54.23
School children	40.37	52.03	63.91
Teenage children	43.78	57.42	79.40

To help shoppers plan their food budgets, single copies of Home and Garden Bulletin #94, "Family Food Budgeting" can be obtained free from Office of Information, U.S. Department of Agriculture, Washington, D.C. 20250.

## Candy's 4,000-Year Story: How Sweet It Is

According to National Confectioners Association, the earliest recorded history of confectionery goes back 4,000 years with the Egyptians. Hieroglyphic inscriptions excavated from the sites of ancient cities show that in 1566 B.C. Egyptian confectioners were selling their sweetmeats from baskets in the market place. Honey was used as a sweetener in those days and was combined with nuts, chopped fruits, sweet herbs and spices.

Candy eating habits were passed along to the Greek and Roman civilizations, where physicians started the candy-coated pill tradition by smearing with honey the rims of cups filled with medicinal concoctions to induce patients to drink it down.

The conquering soldiers of Alexander the Great, however, liked sweets for their flavor and not

favorite of these soldiers (around 325 B.C.) was Persian delicacy called "kand" a sweet reed garnished with honey spices and coloring. The word "candy" may well have come from their "kand" or from the Arab word for sugar, "qand."

Candy, as we know it today, really developed with the emergence of sugar on the world scene. In the Middle Ages, the Arabs spread the cultivation of native sugar cane westward and developed a sugar refining process. The Crusaders, who had acquired a taste for sugar in the Far East, are credited with popularizing candy and starting a demand for the new sugar plant in Europe.

Explorers carried the sugar plant with them on their voyages and sugar cane soon was growing in all the tropical and semi-tropical areas of the globe. Columbus launched the plant in the

New World and by 1800 sugar was an important article of world commerce.

Chocolate, now the most popular type of candy, was a comparatively late entry into the confection world. In the early 16th century Hernando Cortez discovered the importance of the dark brown cocoa beans when he found the Aztec Indians of Mexico using them in the preparation of their royal drink, "chocolatl."

The first confectioners in the New World were the Dutch bakers of New York, who in the 17th century made sugar wafers, marshmallows, macaroons and other sweets for celebrations. The first American candy shop opened in 1712 in Boston.

The introduction in 1851 of the revolving steam pan, a contraption much like the drum of a concrete mixer, sped up the candy making process, paying the

way for mass production. Penny candies flourished toward the end of the century.

It wasn't until 1911 that Americans got their first taste of today's candy giant—the baseball parks were given the first individually wrapped candy bars, made on combinations of almond nougats, chocolate-coated marshmallows and peanuts.

But the candy bar didn't come into its own until World War I when manufacturing methods were revolutionized and candy bars were mass produced for military use.

Today, Americans consume an average of 19 pounds of candy annually from a selection of over 2,000 varieties. That first sweet tooth of the Egyptians has created an industry that speaks all languages and knows no age barrier.

## PUBLIC NOTICES

## Prop. 1

Continued from page 2

keep state programs, such as those for improving the environment, aid to education and public safety from ever falling below the current level of services.

5--Provide significant additional funds to allow essential new programs or expansion

of existing programs.

6--Provide an ample emergency fund for unforeseen needs.

7--Require that future state surpluses be returned to the people in the form of tax refunds or reductions.

8--Prevent the state from shifting costs to local government.

9--Impose a ceiling on property tax rates except as required by cost of living and population growth, or by a vote of the people.

10--Prevent the Legislature from raising any state tax except by a two-thirds vote.

11--Require that any permanent increase in the tax burden

be authorized only by a vote of the people.

## Area Women Attend National Convention

National Assistance League's 25th Convention was held at the Hyatt Regency Hotel in Los Angeles Oct. 15-18. More than 1,200 members and delegates from 53 chapters of National Assistance League attended the convention.

National Assistance League President Mrs. Byron M. Knoblauch (Arcadia) presided at all business meetings. She was assisted by Convention Chairman Mrs. Harry Fulton (Long Beach), Conference Chairman Mrs. Stephen K. Nicks (Redlands) and Hostess Chapter Arrangements Chairman Mrs. William J. Rea.

The Hollywood theme--"A Star Was Born"--proved to be a natural. League's Founding Chapter, Assistance League of Southern California--hostess for the Convention--had its earliest ties with the movie industry. One of their first community services was providing day care for children of film extras. The earliest means of raising funds to support this service was the Film Location Bureau--listing homes, clubs, gardens and ranches available for rental of movie locations.

Titles of motion pictures depicted the seminars and workshops. Those chosen included Finance, "Pennies from Heaven"; Fund Raising and Thrift Shop Operations, "Great Expectations"; and "Second Hand Rose"; Membership, "Don't Fence Me In"; Philanthropic Projects, "The Miracle Worker"; Public Relations, "Front Page"; and Auxiliaries and Associates, "Pearls of the Crown".

Interspersed with the Convention activities were tours unique to the Los Angeles area. Of special interest was the tour of the Harold Lloyd Estate in Beverly Hills, a matinee performance of the new light opera, "Gone With The Wind" at the Dorothy Chandler Pavilion in the Music Center, and a private tour of Universal Studios. In addition, many took advantage of the opportunity to visit NAL Headquarters and the Anne Banning Community Center, both located in Hollywood.

Newly elected National Assistance League Officers included: reelected as President, Mrs. Byron M. Knoblauch (Arcadia), Vice President, Standards, Mrs. Douglas Chambers (Salem), Vice President, Membership, Mrs. Edward Pellegrin (Newport Beach), Vice President, Philanthropic Projects, Mrs. Lee Messtler (Huntington Beach), Corresponding Secretary, Mrs. James R. Hutter (Pasadena) and Vice President, Headquarters, Mrs. William G. Schwartz (Fullerton). Highlight of the Annual Meeting Luncheon was a fashion extravaganza presented by the May Company-Wilshire. Anne Fogarty, Coty Award winning fashion designer, brought to California expressly for this "Silver Anniversary" of National Assistance League, personally presented her Fall and Holiday Collections.

Assistance League of Upland members attending the National Convention were the Meses, Edmund Accomazzo, Milton Bracey, Barry Brandt, Leonard G. Brozman, Bruce Clafin, Alfred E. Dakin, D. A. Dona, Glenn Fisher, John S. Frost, James F. Garlepp Jr., Richard Houtz, Robert Jensen, Wolfgang Koessler, Ivan Marburg, Richard S. McElvany, Joyce Merrell, Vernon H. Murray, Edward Novell, John Owen, Jack Pierce, Henry Russell, Philip L. Savage Jr., John Schnepf, Assistance League of Upland President, Mrs. Dean Smothers, John Sullivan, John Taves, George Winedge, Donald E. White and George E. Yetter.

There's one good way to beat inflation:

Uncle Sam helps us prove that at Mayfair last week food cost less than at 5 other top chains

RETAIL FOOD PRICE COMPARISONS  
BASED ON U.S. DEPT. OF LABOR, BUREAU OF LABOR  
STATISTICS ITEM LIST, IN MAYFAIR DISCOUNT AND  
IN OTHER STORES, EFFECTIVE OCTOBER 19 TO 21

Riverside-Desert area Competitor	No. of Items	Unit \$ Total Mayfair	Competitor	Savings At Mayfair
Discount Chain A	86	55.78	57.85	2.07
Discount Chain B	72	46.48	49.31	2.83
Discount Chain C	74	44.91	45.08	.17
Discount Chain D	79	46.97	49.01	2.04
Non-discount Chain E	84	55.95	60.31	4.36

The cost of food at every supermarket is much higher than it was a year ago.

But even with this tremendous inflation, Mayfair still has the lower prices.

We prove that food costs less at Mayfair by comparing our prices with other major supermarkets' prices for the same items on the same day.

Our comparison shoppers use the food items on the U.S. Department of Labor's Bureau of Labor Statistics list, insuring

that our comparisons are completely fair and objective.

The results vary tremendously from chain to chain. With some, Mayfair's totals are only a few cents lower.

With other markets, our totals are several dollars less.

This is proof that, if you're not shopping at Mayfair now, you're paying more than you have to for quality food.

Switch to Mayfair. You'll help fight inflation. And you'll save money.

# Bulb Garden: Built-In Bloom

## Fall Spraying: Clean Up Time In The Garden

### Gardener's Checklist

1. Cool weather bedding plants such as Fairy Primroses, Pansies, Violas, Calendula, Stock and Snapdragons can be planted now.

2. Shop nurseries for fall color. Check the berried shrubs, especially the Pyracantha, Plant Chrysanthemums from pots. Look for unusual fall foliage color.

One of the nicest things about bulbs is that they have built-in bloom. Many of them will sprout a top and flower stalk whether they are planted or not. For instance, Hyacinths which grow on top of a vase of water, and Paper Whites (Narcissus) can be grown in a dish of moist pebbles.

Bulbs are terrific for growing in pots and other containers. Nurseries has such cool season favorites as Tulips, Hyacinths, Ixias, Crocus, Scilla, species Tulips, Daffodils and miniature Narcissus -- which can be planted in pots or containers to provide portable color.

There are many ways to grow bulbs in containers, the simplest being simply to plant them and keep them moist. The California Association of Nurserymen suggest certain refinements help assure the expected results.

First, insist on top quality and select the largest bulbs for planting in pots, and containers large enough to accommodate several bulbs. When it comes to Daffodils, for instance, use five, seven or nine bulbs in a 10-inch pot. Half a dozen Tulips or more will fit in a pot

of medium size, as will five or seven Hyacinths. Smaller bulbs should be crammed into the limit.

Put gravel in the container bottom, a thin layer of soil, some bonemeal and another layer of soil. Then come the bulbs and around them more soil. Moistened thoroughly and remove to a dark growing area -- until considerable top growth has resulted. Then bring the pots into the sunlight to green-up the plants and strengthen them. When the flower stalks appear, move the pots into a prominent place and enjoy the beauty of your efforts.

This is a time of transition in the garden. Summer flowers are fading, deciduous shrubs and trees are shedding their leaves, and winter blooming plants are beginning to stir preparatory to their seasonal show of color. This in-between time calls for a garden clean up and very necessary part of that clean up is a Fall spraying.

Two clean-up sprays should be made, advises the California Association of Nurserymen. A combination of an oil-insecticide with lime-sulphur at dormant strength makes a good clean-up spray. For combatting peach

leaf curl, this is a must; a second application should be made in late winter--just as buds begin to swell. Roses should be given special attention and sprays should be applied as late as necessary to keep the flowers and foliage presentable.

Once the garden has been cleaned up and sprayed, the summer flowers replaced with winter-blooming choices, bed down ready-to-use nursery men's mulch. A liberal layer of mulch will help soil conditions, control weeds and add a finishing touch to the overall appearance of the garden.

### PUBLIC NOTICES

#### NOTICE OF PUBLIC SALE

TO WHOM IT MAY CONCERN: Notice is hereby given that on November 12, 1973, at 11:00 A.M. a public sale will be held at 1079 W. ## Trobabes Beaten

Chaffey's Panthers  
Grab First 'Victory'

Coach Willie Richardson's Chaffey College Panthers chalked up their first "real" victory last Saturday night with a stunning 21-14 defeat of the University of Southern California Trobables.

The Panthers, 2-4 on the season, earlier picked up a forfeit from San Bernardino College after being beat by SBCC on the field to give them a 1-3 mark in Mission Conference action.

The Panthers mounted a 10-0 halftime lead, and were then down 14-13 before battling back to score the deciding touchdown. Running back Stan Combs counted on a four yard run and Craig Trueblood took a pass from quarterback John Pomierski to put the game on ice.

Chaffey's fired up defense scored the first touchdown as an alert Rick Godinez picked up a fumble and dashed 17 yards for the score. Tony Bitonti made it 7-0.

Dana Lanier, the Panthers middle linebacker spearheaded the defensive charge that cut off the Trobables in the first half and helped to set the stage for their offenses' first score.

With just seven seconds left on the first half clock, Tony Ja-

cobic split the uprights with a 34-yard field goal.

USC came out of the dressing rooms looking like a new team and drew to within three points of the Panthers in the third quarter. After a booming 57-yard punt by the Panthers' Mark Goldhardt, running back Mike Carew took the ball on the first play from scrimmage and raced 74 yards for the score. John Schumacher kicked the PAT.

The Panthers pulled six points ahead on another Jacobic field goal, this time a 39-yarder, but they had their lead eclipsed early in the fourth quarter.

Quarterback Howard Studdard passed to Dave Farmer for a combined 83 - yard score and Schumacher toed the extra point for a 14-13 lead.

The defense held on again to give the offense the opportunity to pull the victory from the fire. Key hitters, besides Lanier, in the stalwart defense were Bob Talerico, Tom Brooks, Vince Trimble and Terry Titus.

The Panthers close out their home season when they host winless Riverside College at Panther Stadium, Saturday, Nov. 3, 8 p.m.

**RUN LIKE CATS** -- Monique Gregoire, left, of Pomona and Becky Wolfenbarger, Montclair, are two of the stars of the Southern California Cheetahs girls cross country and track and field club. Competing in American Athletic Union sanctioned events, the girls occasionally have the chance to compete on an international level. Becky and Monique competed in Mexico City last summer on a Mexico-U.S. exchange program. Girls of all ages can compete for the Cheetahs. For further information contact Barbara Doody, 982-2103.

Glen Helen  
Opens Season  
With Contest

Trout fishing at Glen Helen Regional Park, 825 E. Third St., San Bernardino, will begin Friday, Nov. 2, and continue through April 1974. A total of 14,000 lbs. of trout will be supplied through a matching trout program, co-sponsored by the San Bernardino County Regional Parks Department and the State of California Department of Fish & Game.

All trout plants will be made about once every two weeks in Glen Helen's main 10 acre lake. An opening season trout derby will run from Nov. 2, 1973 through Nov. 11. Trophies will be awarded for first, second and third place for the heaviest limit and largest single trout in both adult and junior divisions.

Local rules state that a California fishing license is required in addition to the 50¢ car entrance fee. A special trout permit is required. Adults are allowed a limit of five trout for \$2.00, and juniors 15 years and under can catch five trout for a \$1.00 daily permit.

Glen Helen Regional Park is located 10 miles north of San Bernardino, one mile west of the Barstow Freeway, on Devore Road. In addition to fishing, the park offers camping, picnicking, and horseback riding.

For further information, contact Glen Helen Regional Park, 2555 Devore Road, San Bernardino, telephone (714) 867-3480.

## Round Up

## Scots Win; Cav's, Braves Lose

Upland High School battled its way into second place in the San Antonio League with a "flat victory" over the Montclair Cavaliers, 20-13, last Friday night.

In other prep action, the undefeated Royal Oak Romans came from behind to post a 27-21 win over Alta Loma in Hacienda League action, Saturday.

In football action this week, Montclair (0-4) will be at Damien (2-2), Garey High School (1-3) will face Upland (3-1) at Highlander Stadium and Alta Loma (1-3) will host Sierra Vista (2-2) at Chaffey College. All games are scheduled for 8 p.m. Friday Nov. 2.

Montclair was minus five starters and a total of 13 players all together in their game with Upland. The athletes were suspended from the contest by head coach Jack Simpson because they left their own high school to attend a pep rally at Upland High School--dressed in their game jerseys.

Defensive back John Surby scored the first touchdown of the game as he was forced to play the entire game as a running back as well. On the first play of the second quarter, he took the ball and scored on a 30-yard run. Randy Thomas toed the extra point to make it 7-0 Montclair.

From that point on it was all

Upland. Montclair was held to only one first down in each of the two remaining quarters, while the Highlanders piled up 18. Dominic Licavoli scored on a three-yard blast through the tiring Cavalier defense and Dean Kawasaki evened the score at 7-7.

The next two scores went to Upland also with both of them coming in the final stanza. Cory Chapman bolted in from the one and Kawasaki converted. Licavoli tallied his second touchdown of the evening on a 15-yard run to up the score to 10-7.

The Cavaliers fought back, but had too little, too late, with the double-duty taking its toll. The final six points came on an 80-yard pass play from Green to Donaldson. Thomas' kick failed.

In the Hacienda League action, Alta Loma built up a 13-0 second quarter lead over Royal Oak, increased it to 21-12 by halftime, but then were beaten in the third and fourth quarter by a Clyde Christensen-led air and ground attack.

Running back Kula Kureas put the Braves out in front, 6-0, in the first quarter with a dazzling 20-yard run. Quarterback Jamie Broecker's extra point attempt failed.

Alta Loma scored again in the second quarter as Broecker

blasted in from the one-yard line.

The Romans closed the gap midway through the second stanza as Christensen connected with Rick Gruen on a seven-yarder on the first of two TD passes.

Kureas counted for the final Alta Loma score just before the half ended on a five-yard dash through the Roman defenses. Broecker made it a two-point conversion with a pass to Robinson.

Royal Oak struck back quickly before the intermission as Christensen charged over on a seven-yard run. His pass attempt for a two point conversion failed.

The second half belonged to Royal Oak. They scored once each in the final two periods. The first score was tallied by none other than Christensen; this time a five yard keepee. His run attempt for two points was good and the Romans trailed 21-20.

Marc Monson was on the receiving end of Christensen's second scoring pass, a one-yarder. Chris Rio came in to boot the final extra point.

The win kept the Romans in a tie for the Hacienda League lead with the Bonita Bearcats at 4-0. The two teams will have a showdown Friday night at Bearcat Bowl, 8 p.m.

Ontario-Upland West End YMCA  
To Hold Ski Exercise Class

The West End YMCA is offering a series of 13 "Get Fit To Ski" classes beginning Oct. 29. The classes will be held at the Y, 215 West C, Ontario 7 p.m. to 8:30 p.m. Monday and Thursday nights.

Babington said he is convinced that most ski injuries are

caused because city-dwelling skiers are generally not in proper physical condition.

The course is designed to gradually prepare recreational skiers for the coming season and is open to adults, high school age and older, and is based on endurance training for condition-

ing the muscles used in skiing. Babington said the YMCA recommends the course for anyone who plans to ski this season.

Advance registration is required and it may be made at the YMCA office. Telephone information is available at 986-5847.

## VD

### It's Been There All The Time

By TERRY CONNER

VD is a dirty word! It's the kind of word that doesn't belong in everyday conversations—or family newspapers. It's a word that refers only to long-haired hippies and poor people. It's a word that never rises above the lower classes.

This is the attitude that most of the nation takes. The two most common cases of VD are gonorrhea and syphilis, both of which are painful and sometimes deadly diseases.

It is not true that "nice people" do not contract VD. This type of thinking only increases the stigma attached to VD. Because of this line of thought, thousands of babies have been born infected, crippled or dead from the effects of syphilis and gonorrhea. It is necessary that people understand that syphilis and gonorrhea are diseases, deadly and dangerous, but nevertheless, diseases. These diseases can be treated and cured if detected in the early stages.

The word "venereal," explains a handbook published by Optimist Clubs International, "applies to both syphilis and gonorrhea. It comes from the word 'Venus', the mother of Cupid, god of love in Roman mythology. It is used to describe behavior relating to the most intimate relations between man and woman. And due to this connotation, unreasonable feelings of guilt and shame are associated with the infections."

"Because of these feelings," the pamphlet continued, "many people who believe they have a venereal disease do nothing, hoping it will go away, which it will not, or they try to treat it themselves, which is equally as dangerous."

VD knows no classes. It can hit anybody, but the fact that all diseases have a larger impact among persons with poor access to good health care or information is true. Consequently, venereal diseases are reported in disproportionate numbers in poor or urbanized areas in the country. However, the germs of syphilis and gonorrhea do not discriminate. Any person who is exposed to VD can be infected, regardless of race, religion, profession, economic status, or sexual preference, reported the Los Angeles County Health Department.

At a recent VD talk given by an Optimist member in San Dimas, the speaker talked of a "professional woman" who through contact with some of her customers had caused an outbreak of epidemic proportions. "By the time the health authorities had tracked down everyone that was either directly or indirectly involved, more than 400 persons had been infected."

"The professional woman was a dental assistant in St. Louis! By the time public health people cornered everybody involved, they had gone to every corner of the world, added the narrator.

It seems that the young lady had a chancre sore on her hand. Whenever her hand contacted someone with a sore in their mouth, the germ would spread.

This was a very untypical way of how the germ can spread. The most common way, of course is through sexual activity. The myth that VD can be contracted from a toilet seat or any other inanimate object like that, is strictly that, a myth.

The L. A. County Public Health Department says that the reason that VD has reached epidemic proportions (from 1960 to 1970 Los Angeles County has had an increase of 388 percent for gonorrhea. The figure was almost 200 percent higher on the national level). Syphilis and gonorrhea are increasing at a faster rate than the population. Authorities say that the main reasons for the epidemic are many.

"Ignorance and apathy have played their roles," says one report. "In spite of media sanctioned 'sexual revolution,' ef-

forts to deal with public ignorance were often met with the old-fashioned brand of morality—venereal diseases were not considered proper subject matter for the media nor for classrooms."

Increased mobility and affluence were also cited. But perhaps the greatest single contribution came from changes in contraceptive practices. Condoms, once a primary means of preventing pregnancy and incidentally effective in preventing VD transmission, were replaced by birth control pills. Though the 'pill' is an effective contraceptive, it is not a prophylactic. In fact, females who use birth control pills, because of pill-induced changes in the vagina's alkalinity rate, are approximately two and a half times more susceptible to gonorrhea as are females not using the pill.

VD has spread to such epidemic proportions, that President Richard Nixon last year had the U. S. Department of Health, Education and Welfare contact service clubs throughout the country to begin programs to combat the disease. Optimist International took up the call and has organized a number of programs to educate the masses, under the heading of AVOID.

These programs include speakers bureaus, hot lines, detection clinics, education of teachers, citizen awareness and scores of information pamphlets distributed by these different programs. Each Optimist Club has a chairman that coordinates that particular club's programs. In most cases, public health of-

ficials assist in the program presentations.

Some startling facts about VD are part of the causes of fear and ignorance experienced by the masses. People who are afraid that they may have contracted one of the venereal diseases are the ones who are the most afraid, but those who refuse to do anything about it are only hurting themselves and possibly others. Some facts about VD:

--For those with untreated syphilis, one in 13 will develop heart problems; one in 25 will be crippled or incapacitated to some degree; one in 44 will become insane or suffer nervous system damage; one in 200 will become blind.

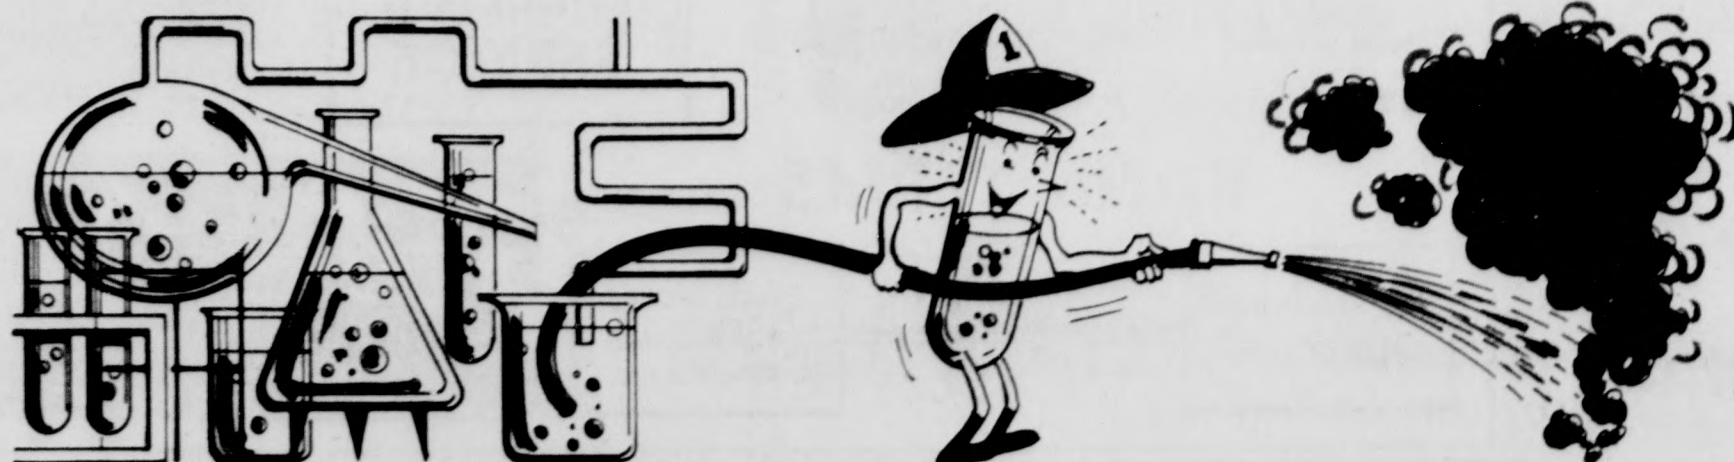

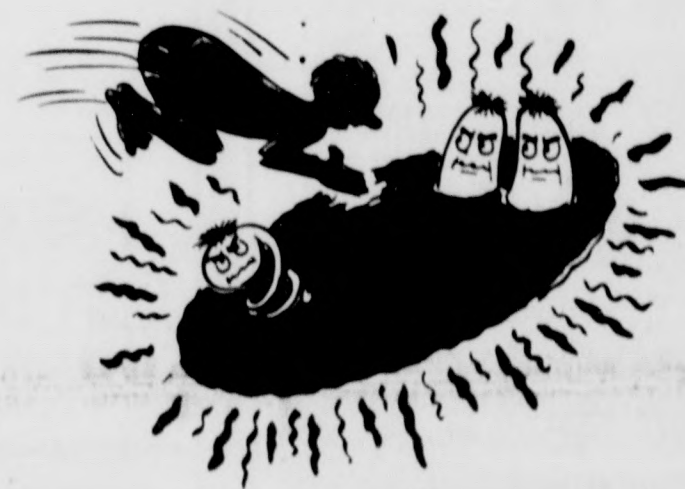

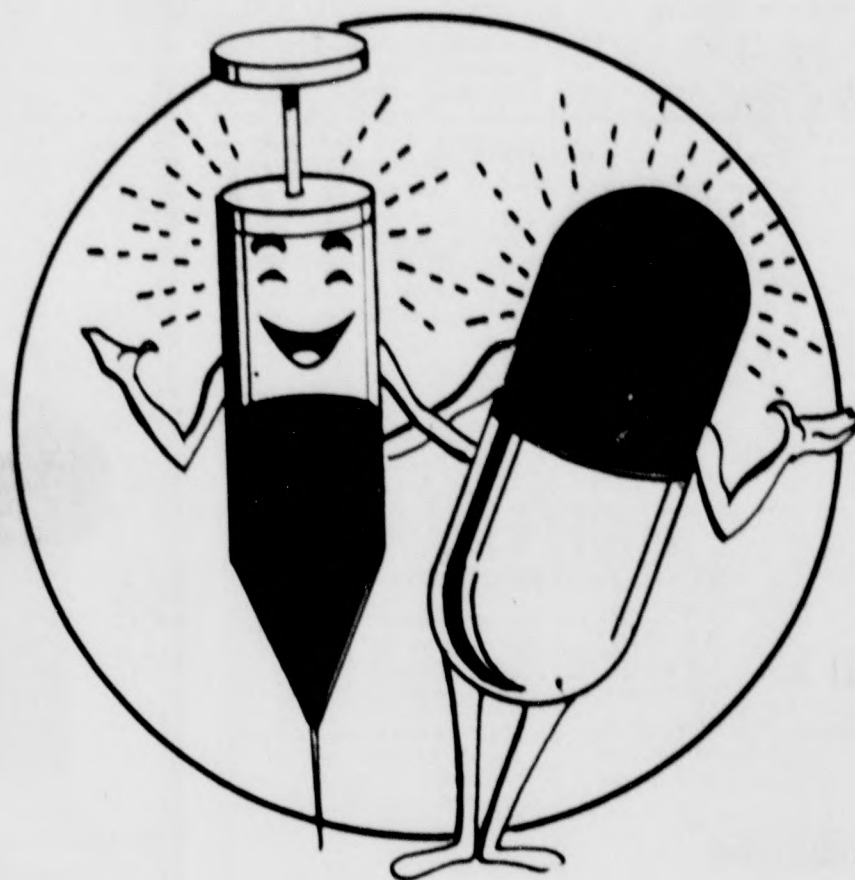

--Fewer than 20 percent of females infected with gonorrhea will experience any symptoms.

--Gonorrhea is considered the single largest contributor to female sterility today.

--Surveys in Los Angeles and other communities indicate that the majority of urban residents do not know the symptoms of either syphilis or gonorrhea.

--In 1970, the estimated cost of maintaining persons institutionalized with syphilis psychosis was more than \$44 million. The amount of money paid in compensation to the syphilitic blind, nationally, was almost \$5 million. The cost of penicillin needed to cure an early case of syphilis is about 56 cents.

--In 1972 684 cases of VD were reported in Pomona, but it is estimated that this number is only 20 percent of the people actually affected by VD.

prevention is early detection and then quick action.

There is a public health clinic in Pomona at 750 S. Park Ave. They are open to treat venereal disease every Monday and Thursday morning, call (714) 623-6811 or 967-1411.

There is a free clinic located in Montclair, The Firehouse with volunteer doctors, who detect and treat VD victims. The Firehouse is located on Central Ave., south of Holt, Blvd. They are open Monday evenings for treatment.

And there are various hotline numbers in the valley, including the Firehouse number (714) 624-8056; the La Verne/San Dimas Open Door, (714) 593-8611; the Pomona Open Door, (714) 623-6017. Another number to call is (213) 588-5221 between 4 p.m. and 10 p.m.

## Just What Are You Worth?

What are your family's financial assets? Most people don't know about or forget what may be their biggest dollar asset, according to the Insurance Information Institute. How would you answer?

Obviously, you'd mention your savings. Realistically, the family economists say, you are supposed to have savings of about half your annual salary. For the average family, that would be about \$5,000.

Then you would mention life insurance. You may have an individual life insurance policy, you might also have group life coverage where you work. You probably have auto and home insurance and hospital and medical coverage.

Do you own your own home or an equity in it? You'd put that high on the list, along with any investments in stocks or property.

What else do you have? What about that other very important financial asset, the workmen's compensation insurance coverage where you work. Your boss pays for it, but it could mean thousands,

hundreds of thousands or as much as a million dollars to you. It is one of your most important assets.

Do you know what workmen's compensation does for you? It varies, state by state, but essentially, it provides financial protection for you and your family if you are injured or killed on the job. It could mean as much as a million dollars for some injured workers in some states. This would be for a very serious injury such as a lifetime care for a quadriplegic.

How does workmen's compensation operate? First, it is hospital and medical insurance. In 41 states there are no limits on the amount. No deductibles, no contributions from the injured employee; you get hospital and medical care for as long as you need it. For life, if necessary.

Second, if you are killed on the job, it provides a death benefit to your survivors. This, too, varies by state, and most of the states are gradually upping the amounts.

Third, what do you do for a paycheck if you are injured and can't work?

Workmen's compensation provides a wage benefit. The weekly benefit is usually a percentage of your weekly wage, subject to a limit. These limits are generally too low, according to the National Commission on State Workmen's Compensation Laws, but many of the state legislatures are gradually boosting these amounts. Still, your workmen's compensation coverage provides a basic, tax-free weekly wage in all states. In 1972, workers throughout the country collected about two billion dollars just in workmen's compensation wage benefits.

### PUBLIC NOTICE

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES TO WHOM IT MAY CONCERN:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows: 9645 Central Avenue, Montclair (IN) 91763. Montclair Tribune, No. 2535,  
published November 1, 1973.

## SS Check Distribution System Altered In D. C.

People already getting public assistance because they're 65 or over, or blind, or disabled do not have to apply now for Federal Supplemental Security Income payments. They'll get more information and instructions later this year," she said.

The first monthly Supplemental Security Income payments will be made in January 1974. "Until then," Mrs. Brannen said, "state and local public assistance offices will continue to make payments in the usual way."

People who need more information to decide whether they might be eligible for Supplemental Security Income payments should call Social Security at 629-4021, or write the Pomona Social Security Office at 445 E. Holt Ave., according to Mrs. Brannen.

Some people getting state or local assistance misunderstand and are coming in to apply for Supplemental Security Income -- but they don't have to," Mrs. Brannen said. "We're taking applications now only from people who aren't getting public assistance but who think may be eligible for the new federal payments that start next year."

"People already getting state or local assistance don't have to do any-

## "MY ENGINE RAN WHEN IT WAS OFF

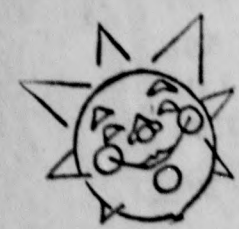

I'd switch the ignition off but the engine wouldn't stop. Instead it sputtered, rocked and coughed. Then I discovered WYNN'S SPIT-FIRE. Now my troubles are over," writes a happy user. Yes, engine "after run" can be not only exasperating but downright dangerous mechanically. So be kind to your car and yourself. Add a can of WYNN'S SPIT-FIRE to your gas tank today. Available at THRIFTY Drug and Discount Stores.

## 'Jerry Lewis Evening' Slated Nov. 8

Movieland Wax Museum will honor Jerry Lewis Thursday, Nov. 8, at 8:00 p.m. during the dedication ceremonies for his "Nutty Professor" set at the Buena Park Stars' Hall of Fame.

During the outdoor ceremonies on the Movieland front lawn, Movieland Vice President and General Manager Joseph F. Prevratil will join honored guests including Jean-Francois Roux, General Consul of France, and Jody Solomon, President of The Hollywood Foreign Press Association, in paying tribute to the

genius of the comedy of Jerry Lewis and to Jerry Lewis the writer, actor, director, teacher and humanitarian.

Following the outdoor ceremonies, Lewis will unveil a setting from "The Nutty Professor," the motion picture and scene he chose as a favorite to be enshrined in Movieland.

The star donated the complete "Nutty Professor" wardrobe including suit, shirt, bow tie, eyeglasses and even the character's false teeth to add to the authenticity of the Movieland set.

The explosive and wide-ranging talents of Jerry Lewis have impressed audiences all over the world, and soon he will display a new facet of his career. In 1972, Lewis directed and starred in his first dramatic film, "The Day The Clown Cried." Filmed in Paris and Stockholm, this, his 41st film, is now in the editing stages and promises to be a milestone in what is already a phenomenal career.

Also in 1972, Random House published "The Total Film Maker" by Lewis, the result of Lewis' experience in the film

industry. The book was received with high critical acclaim and has been translated to seven languages. The sequel to the book is already in progress.

And all America is aware of Jerry Lewis' efforts in behalf of the Muscular Dystrophy Association of America. Beginning Labor Day weekend of 1966, Lewis raised over one million dollars for M.D.A.A. Each Labor Day weekend thereafter, that sum increased climaxing with 1973's total of more than \$12,300,000 in the nationwide telethon.

CASSEROLE -- Brighten leftovers by using a fresh package of prepared dressing mix with turkey and gravy remains from the holiday dinner. Crushed pineapple, water chestnuts and pitted prunes give this "Gobble Up Casserole" an entirely new look and taste. Dish can be made in any size or shape of casserole, even a loaf pan if desired.

## 'Gobble Up Casserole'—Planned Leftover

When you plan on a large turkey for the holiday dinner, plan at the same time what you're going to do with the remnants of the first day's feast. Estimate what will be left over, and think about one or more meals as carefully as the gala dinner itself. For instance, using leftover turkey and gravy doesn't have to mean tired reruns for the next night or so. Why not brighten a post-holiday meal by fixing this speedy-to-make Gobble Up Casserole?

It will amaze even the most experienced cook to see how quickly this casserole can be assembled.

A package of prepared stuffing mix, combined with crushed pineapple, water chestnuts and pitted prunes, sparks a sliced turkey main dish that's satisfying and fresh tasting. It's made with the new saucepan method for cooking stuffing mix. After making the dressing, one adds flavorful fruits and vegetables, then layers it alternately with turkey meat and gravy in a casserole. Top with extra gravy and bake, garnish with plumped prunes for attractive color contrast and extra nutrition.

Dinner's never been easier and there will be no complaints when this is served; leftovers have never tasted better!

**GOBBLE UP CASSEROLE**  
1 can (about 13 1/2 oz.) pineapple (crushed), undrained

1/4 cup each finely chopped onion and celery  
2 tps. instant chicken bouillon or bouillon cubes  
1/4 cup (1/2 stick) butter or margarine  
1 cup water  
1 can (6 1/2 oz.) water chestnuts, drained and sliced  
2 cups diced cooked turkey  
2 - 2 1/2 cups turkey or chicken gravy  
Combine in 1 1/2-2 quart saucepan: crushed pineapple juice and all, onion, celery, bouillon, butter and water. Bring to boil on high heat. Cover pan;

reduce heat and simmer 3 minutes. Remove from heat. Add dressing mix along with pitted prunes and water chestnuts, stirring to moisten. Cover and let stand 3 minutes. Fluff with a fork. Place a layer of dressing in bottom of shallow casserole. Add some of the turkey and half of the gravy. Repeat layers, ending with gravy. Bake at 350 degrees, 35 to 40 minutes, or until thoroughly heated. Garnish with plumped prunes and parsley.

Makes 6 servings.

## Egg Prices Going Down But Supply Still Short

Humpty Dumpty is back on the wall -- and he probably won't fall again.

That's about what the egg price situation amounts to, according to a University of California poultry expert.

Dr. Milo H. Swanson, Extension poultry specialist, Riverside, believes egg prices reached their peak a few weeks ago. "From now on the trend will be toward lower prices," he predicted. "However, the likelihood of eggs returning to the low prices of a year ago is remote."

"Because of world demand for

feed grains, chicken feed will continue to be costly. This in turn will keep egg production costs well above those of past years."

Dr. Swanson said part of the high price of eggs is due to their use as a meat substitute. Even at 83 cents a dozen for large double-A's, he said, the cost amounts to only 55 cents a pound for a "very fine protein food."

If farm prices for eggs should once more drop below production costs, he said, egg supplies will diminish again and retail prices will increase, starting the whole cycle over again.

NOTICE OF  
TRUSTEE'S SALE  
T.S. No. E12-65716 Sehl  
On November 8, 1973, at  
11:30 A.M., The California  
Trust Deed Company, A Cali-  
fornia Corporation as duly ap-  
pointed Trustee under and  
pursuant to Deed of Trust re-  
corded 11/3/72, as Inst. No.  
163, in book 8054, page 239,  
of Official Records in the of-  
fice of the County Recorder of  
San Bernardino County, State  
of California WILL SELL AT  
PUBLIC AUCTION TO HIGHEST  
BIDDER FOR CASH (payable at  
time of sale in lawful money  
of the United States) at the  
North entrance to the County  
Courthouse, in the City of  
San Bernardino, California,  
all right, title and interest  
conveyed to and now held by it  
under said Deed of Trust in the  
property situated in said  
County and State described as:

Lot 196 of Tract 4665, as  
per map recorded in Book 57,  
pages 77 to 82 of Maps, in the  
office of the County recorder  
of said county.  
The street address and other  
common designation, if any,  
of the real property described  
above is purported to be:  
10111 Felipe Avenue  
Montclair California  
The undersigned Trustee  
disclaims any liability for any  
incorrectness of the street ad-  
dress and other common  
designation, if any, shown  
herein.  
Said sale will be made,  
but without covenant or war-  
ranty, express or implied,  
regarding title, possession,  
or encumbrances, to pay the re-  
maining principal sum of the  
note(s) secured by said Deed  
of Trust, to-wit: \$7,405.55,  
with interest thereon, as pro-  
vided in said note(s), advan-  
ces, if any, under the terms  
of said Deed of Trust, fees,  
charges and expenses of the  
Trustee and of the trusts cre-  
ated by said Deed of Trust.  
The beneficiary under said  
Deed of Trust heretofore exe-  
cuted and delivered to the un-  
dersigned a written Declara-  
tion of Default and Demand for  
Sale, and a written Notice of  
Default and Election to Sell.  
The undersigned caused said  
Notice of Default and Election  
to Sell to be recorded in the  
county where the real property  
is located.
